Chapter 1 by Story Wars

As you may recall, Finn has an excellent ability to use a lightsaber, despite his being a stormtrooper. One theory, created by me, is that he was a young Padawan being trained by Master Luke Skywalker, and the only one to escape before then Ben Solo killed all of them. The First Order, however, eventually caught up to him and took him away from his family, brainwashed him so he had no memory of his teachings and made him into a stormtrooper. However, his muscles still remembered how to use a lightsaber, therefore giving him capability of lightsaber use.

Chapter 2 by Lewis Peterson

I thought Finn sucked at using a lightsaber.

Chapter 3 by Mason Lee

Well, he couldn't have had much training. He was taken from his family at a very young age.

Chapter 4 by

He is not a Jedi, and yet he uses the lightsaber almost as well as one... Why? Does he somehow have the Force with him even though he wasn't even going to be part of the Rebellion? I don't know - guess he's not just a stormtrooper... And how come he even was capable of leaving The First Order?!?!?

Chapter 5 by -

Yes, I would really like to know how it is possible Finn is a pro when it comes to his lightsaber fighting techniques... Kinda weird isn't it?

Chapter 6 by R

"he uses the lightsaber almost as well as one" "Finn is a pro when it comes to his lightsaber fighting techniques" did we see the same movie? yeah he wasn't bad but he wasn't good and he wasn't even jedi level. maybe, like, he fought against stormtroopers who have a whole lot of skill in fighting as we know. he killed some stormtroopers and didn't immediately die in a fight against a guy with a broken lightsaber. good job, finn.

"And how come he even was capable of leaving The First Order" literally this is common they have standard reeducation protocols so stormtroopers go rebel all of the time.

"Does he somehow have the Force" EVERYONE has a connection to the force! some just are more sensitive

like seriously nothing in the movie is even kind of mysterious about finn? maybe he is force sensitive and all, but his skill isn't even close to being odd

Chapter 7 by -

LET FINN SPEAK FOR HIMSELF IN THE NEXT MOVIE!!!

I am sure the creators have some reason for this seemingly senseless irony. But guess what, every day is a day closer to the truth.
